WSP COMMITTEE Meeting Agenda & Minutes Wednesday, 15 March at 6 pm.

Item	Notes
Present	Teresa G, Bronwyn W, Sarah W, Tess M, Sara L, Roger G,
	Yasmin
Apologies	None
Conflicts of interest	Yasmin regarding any vote on the Diploma tutors pay offer
Minutes from previous	Accepted by: Tess May
Hui	Seconded by: Roger Griffiths
Matters arising	None
Financial reports (sent by	Accepted by: Tess May
email)	Seconded by: Roger Griffiths
Matters arising	Term deposits on lower interest than is currently being offered.
	Sarah L to discuss with WestPac about reinvesting some of that
	money into higher interest investments. Also, to ask if the Society
	can have another savings account for holding funds that are more
	immediately available for emergency purchases and repairs.
	Discussion also around tagging money in reserve for specific
	purposes when funds are intended for issues that it potentially
	faces at any given time, e.g. 1) Expensive loss or need of
	replacement/repairs of equipment such as any of the kilns.
	2) Risk of the Hamilton City Council reassessing the building and
	site that WSP occupies and determining that the society may need
	to move to other premises, thus funds needed to cover move costs
	and any lease implications.
	3) Purchasing, when available, replacement kiln shelves which are
	very expensive and difficult to procure.
	Sarah Lee suggested: \$50k in the longer term investment as an
	emergency buffer, locked in for 12 to 6 months in a term
	investment. Emergency replacement fund for kiln around \$15,000
	in a shorter term investment (3 months). Accessible savings
1	I

	account for other emergency needs for equipment, facilities repairs,
	maintenance and replacement.
	There was an extra payment made that came after the financials
	were circulated for about \$120 for a nice set of tools and banding
	wheel offered to the society. They also came with some books that
	were donated to the society.
Manager's Report (sent	Accepted by: Roger Griffiths
by email)	Seconded by: Sarah Lee
Matters arising	Concerns persist around the poor numbers attending the supported
	week day play with clay sessions. Numbers are overall down and
	have not really recovered since the COVID-19 outbreak and
	subsequent lockdowns since 2020. It was suggested that fliers
	could be placed at the hospitals enticing potential shift working staff
	to come and give pottery a go for de-stressing and focusing on
	something other than work.
	Tess wished it to be recorded that the societies committee wanted
	to express its appreciation to Amit from Unit Networks for the
	desktop computer he donated to the society.
Diploma Report	The committee agreed to offer a new rate of \$42.50 to the Diploma
	Coordinator and tutors across the board with no separation or
	differing rate between admin and teaching time. However, they will
	require that the tutors submit a timesheet that clearly shows the
	admin to teaching hours. Also, any extra hours needed must be
	discussed and approved by the society's manager. Sarah W. is to
	approve the time sheets and then pass them to Sarah Lee to
	process payment. The committee would like to implement the
	timesheets to a) get a measure of what the admin to teaching hours
	ratio is so that they can b) be realistic in expectations should they
	need to employ a tutor for the diploma role at a later time.
Raffle Idea (April)	Tess has some unwanted tools and paper clay that Sarah W. has in
······	her possession. Sarah will take photos and send to Teresa who will
	prepare the marketing media for the next raffle run. It was advised
	that the raffles will be every other month so as not to over burden
	those supporting the fundraising raffles.
	Those supporting the fundialising failies.

Open day (25th March)	It was agreed that the open day will be moved to April 15th. It will
	be scaled back and less adventurous this time around. Attendees
	will need to pay for clay and firing. Options will be fired playing card
	tiles for decoration, wheel throwing with 300-400g clay, hand
	building will be to make a pinch pot animal (bird) - looking at a cost
	of about \$5 for clay per item. Raffle on the day to be offered. Tess
	will modify the "stuff" from last year and put in the ideas suggested.
Poppy making project	Not discussed, as the discussion on the diploma issues went way
idea for ANZAC Day	over time.
Silent auction for	There has been support through Give a Little fundraising so we
Taradale potters	would not proceed at this time. The society will promote sharing
	help pages, especially the mayoral fund.
A.O.B.	Roger G acknowledged for tech contribution to the society's media equipment. Council announcement on possible decision on site and buildings future intended use that the society partially occupies 14th April Wood firing on 22nd April Teapot workshop 29th April It was suggested that the risk register be shared at the AGM. The committee to dwell on this and decide. Meeting ended 7:30pm
Board Only
